Redevelopment Agencies Financial Transactions Report

Achievement Information (Unaudited)

Fiscal Year 2009

Indicate Only Those Achievements Completed During the Fiscal Year of this Report as a Direct Result of the Activities of the Redevelopment Agency.

Please provide a description of the agency's activities/accomplishments during the past year.

(Please be specific, as this information will be the basis for possible inclusion in the publication.)

Activity Report

These are the activities/accomplishments for the SSF Redevelopment Agency for the specified fiscal year. The Agency has six redevelopment project areas which were fiscally merged in 2005 and are reported in this annual report as one merged area.

A. Downtown/Central Original Redevelopment Project Area

The Original Project Area, established in 1989, was composed of nine sub-areas and included the downtown, portions of the shoreline area, the Bayshore freeway overpass and Colma Creek. A May 2005 Plan Amendment added 97.1 acres to the Downtown/Central Project Area creating a 655.1 acres amended project area.

The Agency has undertaken public infrastructure, parking and public facility improvements, economic development, property acquisition, and affordable housing activities in the Downtown/Central Project Area since the adoption of the Redevelopment Plan. These include façade improvement, seismic retrofit and other rehabilitation of buildings; landscaping, street, circulation and public utility improvements; toxic remediation; property acquisition and disposition; parking development and meter upgrades; fire station, day care facility, health clinic and library development; facilitation of biotechnology and office building development; Single Room Occupancy (SRO) hotel rehabilitation; low income homeowner programs; affordable housing development; and plans for the Caltrain Station. Private development projects in the area included the completion of numerous tenant improvement projects.

Enter the amount of square footage completed this year by building type and segregated by new or rehabilitated construction.

Achievement Information (Unaudited)

Redevelopment projects have been key factors in stimulating the development of research and development and high-tech industrial uses east of U.S. Highway 101. Specific projects undertaken, continued, or completed in fiscal year 08/09 by the Agency include: two major Downtown Business District property owners were provided technical assistance and loan funds to undertake improvements/expansions to their commercial structures; completed resurfacing of Grand Avenue, and several lanes from Airport Boulevard to Spruce Avenue; several properties were acquired in land assembly for future redevelopment of mixed housing and commercial uses; the Agency initiated construction for the new parking garage located on Miller Avenue; in anticipation of the closure of the existing surface parking lots (for the new Miller Avenue parking garage) the Agency demolished two commercial buildings on Baden Avenue and one on Linden Avenue for construction of three temporary surface parking lots; Agency negotiated the acquisition of the Caltrans site on Airport Boulevard and Grand Avenue for future pedestrian plaza and prepared design concepts for the plaza; completed Lindenville pump station; completed Downtown Revitalization Strategy; completed the interior remodel of 3 residential units on Linden Avenue owned by the Agency and rented to low income families; and completed Bay Trail and Bridge by Scavenger's site.

The Agency will continue to focus on goals identified in the Plan for the Downtown Project area, which include and are not limited to the following:
-- Promote new and continuing private sector investment within the Project Area to prevent the loss of and to facilitate commercial and industrial activity.
-- Retain and expand as many existing businesses as possible by means of redevelopment and rehabilitation activities and by encouraging and assisting the cooperation and participation of owners, businesses and public agencies in the revitalization of the Project Area.
-- Create and develop local job opportunities and preserve the area's existing employment base.
-- Re-plan, redesign and develop areas that are stagnant or improperly used.
-- Encourage development of Downtown as a mixed use activity center with retail and visitor-oriented uses, business and personal services, government and professional offices, civic uses, and a variety of residential types and densities.
-- Enhance linkages between Downtown and transit centers, and increase street connectivity with the surrounding neighborhoods.

B. Downtown/Central Added Redevelopment Project Area

As outlined above, a 2005 Plan Amendment added 97.1 acres to the

Achievement Information (Unaudited)

Downtown/Central Project Area creating a 655.1 acres amended project area. This Project Area is located east of Highway 101 in the marina area of the City.

Specific projects undertaken, continued, or completed in fiscal year 08/09 by the Agency include: A new master plan has been drafted for potential development in the Oyster Point Marina and monitoring continues for toxins in the land fill. Plans with other entities for the development of the Ferry Terminal continue to move forward.

In addition to the goals identified above and in the Plan for the Downtown Project area, the following goals are specific to this Added Project Area:
-- Enhance linkages between Downtown and transit centers.
-- Increase street connectivity.
-- Create a pedestrian friendly environment.
-- Expand retail opportunities.
-- Create a new environment for marine, recreational and commercial activities.
-- Improve public access to shoreline.
-- Development of a new ferry terminal.

C. El Camino Corridor Original Redevelopment Project Area

The Original El Camino Corridor Project Area is located in the northern part of South San Francisco, west of the Downtown/Central Project Area. The June 2000 El Camino Corridor Plan Amendment added 79.6 acres to the Original Project Area, creating a 254.6 acre Amended Project Area.

The Agency has undertaken public infrastructure, public facilities, economic development, property acquisition, and affordable housing activities in the El Camino Corridor since the Plan adoption and amendment. Activities include traffic and circulation improvements and analysis, street upgrades throughout the Project Area, facilitation of the Costco Wholesale retail development and related improvements, completion of a Transit Oriented Development plan for the BART station area, and assistance with mixed-use and affordable housing developments throughout the Project Area.

The BART extension and Agency redevelopment activities are beginning to catalyze mixed-use transit oriented development around the BART station. Residential and mixed-use developments have been proposed for this area. Additionally, Costco Wholesale developed a 150,000 square foot retail store on the former Macy's warehouse site, and housing development has taken place at

Achievement Information (Unaudited)

the former McClellan Nursery.

Specific projects undertaken by the Agency in fiscal year 08/09 include: work was completed on Phases II and III of the Linear Centennial Park through the Project Area; a master plan is being drafted for Agency lands acquired from the PUC to guide future development along the corridor and the lands were cleared of debris, fenced and landscaped; completed rehabilitation of the administrative building at 80 Chestnut acquired from Cal Water for the History Museum in partnership with the Historic Society; and Park Place residential units were placed in service and all but 7 were sold in the fiscal year.

The Agency will continue to focus on goals identified in the Plan for the El Camino Project area, which include and are not limited to the following:
-- Eliminate or ameliorate existing substandard conditions, including substandard vehicular circulation and parking systems, inadequate infrastructure, insufficient off-street parking, and other similar public deficiencies adversely affecting the Project Area.
--Upgrade and expand recreational areas and open space.
-- Assist in the revitalization of the Willow Gardens neighborhood.
-- Develop more east-west crossings on El Camino Real that connect the City's neighborhoods, and a continuous parallel street on the eastside to provide alternative travel routes.
-- Develop El Camino Real as a boulevard that accommodates its role as a regional corridor but with streetscape and development that provide identity to the street.
-- Encourage development of a mix of uses, with pockets of concentrated activity that provide focus and identity to the different parts of El Camino Real.
-- Develop the South San Francisco BART station area as a vital pedestrian-oriented center, center, with intensity and mix of uses that complement the area's new role as a regional center.

D. El Camino Corridor Added Redevelopment Project Area

As outlined above, the June 2000 El Camino Corridor Plan Amendment added 79.6 acres to the Original Project Area, creating a 254.6 acre Amended Project Area. This Project Area is located adjacent and near the Original Project Area, in the northern part of South San Francisco, west of the Downtown/Central Project Area.

The Agency has undertaken public infrastructure, public facilities, economic

Achievement Information (Unaudited)

development, property acquisition, and affordable housing activities in this Project Area.

Specific projects undertaken by the Agency in fiscal year 08/09 include: The Agency acquired a site for future development of 107 units of very low income affordable housing by Mid Peninsula Housing Coalition and had design plans drafted and tentatively approved for the development. The development also include approximately 5,000 square feet of commercial space.

In addition to the goals identified above and in the Plan for the El Camino Corridor Project area, the following goals are specific to this Added Project Area:
-- Rehabilitating, developing or constructing affordable housing units.
-- Acquisition and rehabilitation of residential units at Willow Gardens with improvements to public and open spaces.
-- Installation, reconstruction, expansion, of streets, utilities and other public improvements.
-- Acquisition of real property for redevelopment.
-- Making improvements to traffic circulation, parking systems, and inadequate infrastructure.
-- Upgrading and expansion of recreational uses.

E. Gateway Redevelopment Project Area

The 176.2 acre Gateway Redevelopment Project Area, adopted in 1981, is located south of the Shearwater Project Area, east of Highway 101. The Project Area consists of 176.2 acres of formerly industrial sites, railroads, streets and highways.

The Agency has completed public infrastructure, public facilities and economic development activities in the Gateway Project Area since the adoption of the Redevelopment Plan. These include numerous traffic and circulation improvements to Oyster Point Boulevard, fire station upgrades and facilitation of childcare facilities, and biotechnology and office facility development.

Several office and high-tech industrial buildings and hotels have been developed in the Project Area, including the Gateway Business Park. A large concentration of biotechnology companies has located to the Gateway Area, occupying complexes such as the Britannia Biotechnology Center and Gateway Technology Center.

Specific projects undertaken, continued, or completed within this Project Area by the Agency in fiscal year 08/09 include: negotiations with Comfort Suites to

Achievement Information (Unaudited)

acquire a portion of their property to undertake the new roadway improvements for the proposed train station improvements.

The Agency will continue to focus on goals identified in the Plan for the Gateway Project area, which include and are not limited to the following:
-- Re-plan, redesign and develop a large area suffering from obsolete plant facilities.
-- Establish and implement performance criteria to assure high site design standards and environmental quality so as to provide unity and integrity to the entire site.
-- Strengthen the economic base of the Project Area and the community by installing public improvements needed to stimulate new office/hotel and commercial development, employment and economic growth.

F. Shearwater Redevelopment Project Area

The 174.5 acre Shearwater Redevelopment Project Area is located in the northeastern portion of South San Francisco, adjacent to the Gateway Project Area, east of U.S. Highway 101. The Project Area was adopted in 1986 to address a series of interrelated physical and economic problems, the majority of which stemmed from the closing of the U.S. Steel manufacturing plant in the Project Area in 1983.

The Agency has completed public infrastructure, public facilities and economic development activities in the Shearwater Project Area since the adoption of the Redevelopment Plan.

The Agency will continue to focus on goals identified in the Plan for the Shearwater Project area, which include and are not limited to the following:
-- Eliminate or ameliorate certain environmental deficiencies, including substandard vehicular circulation systems; disposal or handling of hazardous materials; inadequate water, sewer and storm drainage systems; and other similar public improvements, facilities and utilities deficiencies adversely affecting the Project Area.
-- Achieve an environment reflecting a high level of concern for architectural, open space, landscape, and urban design and land use principles appropriate for the attainment of the objectives of the Redevelopment Plan.
