Peninsula Clean Energy to Enroll 210,000 New Customers

This month, Peninsula Clean Energy (PCE) will begin sending notices to 210,000 residences and businesses throughout San Mateo County to inform them that they are about to receive cleaner electricity and simultaneously save money.

At their January board meeting, the PCE Board of Directors unanimously approved new rates for all PCE customers that go into effect in time for the large April 2017 customer enrollment. The rate change will maintain PCE's 5% discount below PG&E's electric generation rates for PCE's customers.

PCE provides sample bills online under "Billing" on its [website](#) to explain bill updates.
