The City of South San Francisco

Dear South San Francisco commuters,

Ever wish you could find a co-worker or neighbor to carpool within seconds? Now, you can, with a new carpooling app for your Apple or Android phone.

It's called [Scoop](#), and it's not like traditional ridesharing apps. With Scoop, you can find other commuters who work or live in the same place you do - and share your trips. If you ride, you'll get a trip for just a few dollars. If you drive, you'll help cut your commute costs!

Even lower pricing for South San Francisco: We're excited to announce a partnership between the City of South San Francisco and Scoop! Starting April 18th, the [Scoop](#) carpooling app is launching in our city, with discounted trips and driver bonuses for everyone who works in South San Francisco.

The Scoop community is already 65,000+ commuters strong.
Here's why:

- Flexible and safe matching: Use it once a week or every day at the times that work for you. Driver history checks for a safe commute.
- Drive or Ride: Door-to-door pickups and drop-offs. Choose whatever fits your busy lifestyle.
- Everyone saves: Commuters split the cost of the commute. And for a limited time, South San Francisco is making trips even sweeter with ride discounts and higher driver reimbursements. Check the app for your

exact pricing.

If you have any questions, just shoot a note to support@takescoop.com.

**Scoop is the flexible, social,
and safe way to carpool.**

Scoop matches you with co-workers and neighbors who have similar commutes.

- Flexible times tailored to your schedule
- Beat traffic in the HOV lane
- Save an average of \$2,000 a year
