SUSTAINABILITY
COUNTY OF SAN MATEO

San Mateo County is participating in the National Bicycle and Pedestrian Documentation (NBPD) Project for the third year in a row and they need your help! NBPD

is a nationwide effort whose goal is to provide accurate and consistent documentation on usage and demand, and encourage investments in transportation modes other than the private automobile.

Volunteers are needed for the in-field data collection component, which lasts from September 12th to 17th.
