

Candidate Name: Avin M. Sharma

Occupation: Finance and Business Manager

As a lifelong resident, I am running to keep South San Francisco the wonderful, diverse, and beautiful place it is to live, work, and play.

As my wife and I raise our two daughters attending public school here, I am committed to ensuring our quality of life is enhanced. All residents deserve safe neighborhoods, safe streets, and quality public services.

As the Vice-Chair of the Measure T Citizens' Bond Oversight Committee for the South San Francisco Unified School District, I work to ensure that public dollars benefit all our students while maintaining fiscal responsibility. I also serve as the Chair of the City's Housing Authority Board. I possess a Doctorate in Business Administration (Finance), Master of Business Administration, Master of Science in Engineering, Bachelor of Science in Aerospace Engineering.

Professionally, I work as a Finance and Business Manager for Stanford University and previously worked as a city budget analyst. This experience is critical now as our city is grappling with a budget deficit impacting the services our residents expect and deserve.

As your councilmember, I will work to protect essential services including public safety/fire emergency response, maintaining streets, senior services, and after-school/summer youth programs for our kids.

That's why public safety, emergency responders, business leaders and former city mayors have all endorsed my candidacy. Join us: www.avin4ssf.com.

Together, let's build a brighter future for South San Francisco.
