

Dear neighbor,

Born and raised in South San Francisco, I graduated from Ponderosa Elementary, Alta Loma Middle School, and South San Francisco High School. When I was five, my father was paralyzed from a traumatic injury and my mother had to work two jobs to make ends meet. My upbringing inspired me to study regenerative biology, and work to make sure no community is left behind.

I graduated with a degree in Biology and Government from Harvard University, and returned to South San Francisco to give back to the community that had raised me. My work is rooted in the belief that our government must work for everyone, not a select few.

I will continue to work tirelessly to improve public safety, create and preserve affordable homes, invest in education, address climate change, protect our environment, and ensure all our residents regardless of age or background have the highest quality of life.

I'm proudly endorsed by:

Congressmember Kevin Mullin,  
State Senator Josh Becker,  
San Mateo County Sheriff Christina Corpus,  
Vice Mayor Eddie Flores,  
Councilmember Mark Nagales,  
The National Union of Healthcare Workers,  
The Sierra Club,  
Planned Parenthood Advocates Mar Monte,  
All South San Francisco Unified School District Board of Trustees

I am the only candidate who rejects campaign contributions from corporations and private developers. It's been an honor to serve you on the city council, and I would be honored to earn your vote again.

Sincerely,

James Coleman
