CONSTRUCTION PROJECTS IN SSF

30 TANFORAN AVENUE - SOUTHLINE DEVELOPMENT

Utility work continues impacting multiple streets and serving as a frontage to the project. The work is being phased to minimize vehicle and pedestrian travel disruptions. The work will proceed as follows:

- **South Linden Avenue** between Victory Avenue and Dollar Avenue parking will be restricted during working hours to allow temporary lane shifts to occur as work is underway between the hours of 7:00 a.m. and 5:00 p.m. Lane shifts will impact both the northbound and

southbound travel on South Linden Avenue.

- **Dollar Avenue** between Tanforan Avenue and South Linden Avenue parking will be restricted to allow temporary lane shifts to occur. Lane shifts will impact both the northbound and southbound travel on Dollar Avenue.
- **Tanforan Avenue** between Dollar Avenue and South Maple Avenue parking will be restricted during working hours to allow temporary lane shifts to occur between the hours of 7:00 a.m. and 5:00 p.m. Lane shifts will impact both the northbound and southbound travel on Dollar Avenue.
- **South Maple Avenue** between Browning Way to Tanforan Avenue will be closed. South Maple Avenue will have NO access for traffic vehicles except for emergency vehicles. A portion of Centennial Way Trail will also be closed. Pedestrian traffic will be rerouted to the sidewalk on the east side of South Maple Avenue. The closure will remain for the whole duration of work.

Commuters can expect delays and are encouraged to use alternate routes. Construction flaggers will be deployed to help maintain vehicular travel. Please always follow the signs and safety personnel instructions.

428 BADEN AVENUE

The sidewalk along the project's Baden Avenue frontage is closed. Pedestrian detour signage is deployed, noting a safe path of travel around the work area. Additionally, the project expects daily material deliveries, and additional truck traffic is expected. The contractor will maintain vehicular access to Baden Avenue and 3rd Lane. Drivers can

expect minor delays. Construction flaggers will be deployed during material deliveries. Please always follow the signs and safety personnel instructions.

CALIFORNIA WATER SERVICE

California Water Service (Cal Water) has started work to install more than two miles of new eight- and six-inch water pipes that will improve water supply and reliability for South San Francisco residents. We will also replace 18 existing fire hydrants and add two more new hydrants to the community.

Installation will take place through the rest of 2024 in the Central South San Francisco Mayfair Village subdivision that includes Toyon Avenue, Sycamore Avenue, Cherry Avenue, South Magnolia Avenue, Manzanita Avenue, Fir Avenue, and Redwood Avenue.

Cal Water will make every effort to minimize traffic delays during construction and will notify customers in advance in those instances when after-hours work is needed. Customers can visit www.calwater.com to ensure their contact information is up to date, along with their preferences on how they would like to be notified so they can stay informed.

El CAMINO REAL (Between Arroyo Drive and Kaiser Way)

Improvements continue along El Camino Real between Arroyo Drive and Kaiser Way as part of the Grand Boulevard project which includes improvements to sidewalks, planting, roadway, lighting, and landscaping. Work is currently focused along the southbound side of El Camino Real and Del Paso Drive. Minor lane shifts will be deployed as work is underway along El Camino Real (weather dependent). Starting on Monday, July 8th, the contractor will shift their focus to the northbound side of El Camino Real, while completing activities along the southbound side. Pedestrian detour signage when required will be deployed, noting a safe path of travel around the work area. Drivers can expect minor delays. Please always follow the signs and safety personnel instructions.

ORANGE MEMORIAL PARK AQUATIC CENTER

Work to cut a trench across Tennis Drive for the project's power pathway to support the new aquatic center will continue this week. Contractor will use flag men and install cut / compact / install conduit / backfill in one lane at a time; traffic will be routed accordingly with one lane open at all times. Trench plates will cover the work at end of work day. This work should be completed by September 12, 2024; flaggers will remain in place to direct traffic on Tennis Drive. Please always follow the signs and safety personnel instructions.

OYSTER POINT IIC IMPROVEMENT PROJECT

Construction continues at the Oyster Point Marina/Park. The entire section of East Basin Road turning into Southeast on Marina Boulevard is closed for the duration of the project. The East portion of the Bay Trail will be detoured, while the West portion will remain open except for a short periodic disruption. Pedestrian detour signage has been deployed, routing pedestrians around the closed portions of the Bay Trail.

OYSTER POINT IIC

Construction Questions: Srushti Vaghela at (415) 481-2805
 Project Information: www.ssf.net/parkprojects

PHASE 2 CONSTRUCTION PLAN MAY - AUGUST 2024

- BAY TRAIL OPEN DURING CONSTRUCTION
- - - - - TEMPORARY BAY TRAIL DETOUR
Dismount and walk bikes while using temporary detour trail

Parking lot is closed at the lower parking lot near the windsurf ramp and picnic area. The trailer parking lot will lose parking stalls as these will be used as a staging area; the rest will remain open to the public.

PG&E GAS LINE REPLACEMENT

PG&E will be upgrading approximately 3,940 feet of 2-inch gas main and services to homes on Crestwood Drive, Dolores Way, Forest View Drive, and Willow Avenue. Work activities will be limited to the hours between 8:00 a.m. and 5:00 p.m., Monday through Friday. Weather and

other factors affecting safe working conditions may change the project's schedule. Please observe all posted traffic signs through construction zone for safety of the public and workers.
