

As a South San Francisco resident, you automatically benefit from Peninsula Clean Energy. And you can get thousands of dollars in savings on:

NEW HOT WATER HEATERS

San Mateo County homeowners can get a **rebate of \$1,000** or more for new heat pump water heaters from Peninsula Clean Energy in addition to the support available from BayREN's Home+ program.

USED ELECTRIC CARS

Peninsula Clean Energy offers incentives on electric vehicles. Programs include **rebates of up to \$4,000** for used EVs.

SOLAR SYSTEMS WITH BATTERY BACKUP

Peninsula Clean Energy has partnered with Sunrun to provide up to a **\$1,250 rebate** for homeowners on a solar + battery backup system.

REINVESTING IN THE COMMUNITY

Peninsula Clean Energy provides clean electricity at lower rates for its customers. As a not-for-profit agency, Peninsula Clean Energy invests earnings into programs that further reduce carbon emissions, support local jobs, deliver savings and provide other benefits to the community.
