

# Say goodbye to gas with rebates for used EVs

San Mateo County residents can receive a rebate of up to \$4,000 to offset the purchase price of a used electric vehicle (EV)

Used EV owners can save money on fueling and maintenance costs. Now, with rebates from Peninsula Clean Energy, they can also enjoy immediate savings at time of purchase.

And income-qualified residents can save even more with increased rebates from Peninsula Clean Energy and by combining additional offers from other state and local programs. See back for details.

## San Mateo County is going electric

Peninsula Clean Energy is committed to providing environmental and economic benefits to the residents and businesses of San Mateo County. This commitment includes helping the entire county make the easy transition to EVs through rebates and expansive efforts to install new charging infrastructure across the region.

EVs provide lasting benefits to our community. In addition to offering significantly lower operation and maintenance costs to drivers, EVs charged with electricity from Peninsula Clean Energy generate zero carbon emissions.

### Rebate overview

	Plug-in hybrid EV	Fully electric EV
Base rebate	\$700	\$1,000
Increased rebate (income-qualified residents)*	Up to \$3,700	Up to \$4,000

## Peninsula Clean Energy used EV rebate eligibility

### Must be approved prior to purchase

1. Be a San Mateo County resident; one incentive per household
  - For the increased incentive, residents must meet the qualifying income requirements
2. Purchase an eligible vehicle:
  - **Used plug-in hybrid or fully electric vehicle**, no more than 8 years old
  - Plug-in hybrid must have a minimum 25-mile range
  - Purchase price before incentive(s) cannot exceed \$25,000

## Combine rebates for even more savings

In combination with Peninsula Clean Energy's rebate, income-qualified residents may also qualify for additional used EV incentives from regional and state programs:

Program	EV incentive amount**	Additional info
Clean Cars for All	\$5,500 – \$9,500	Must retire a vehicle 2005 or older to qualify. Limited to certain Bay Area zip codes.
Driving Clean Assistance Program	\$4,500 – \$5,000	Grant and (optional) financing assistance program. Bay Area only.
Clean Vehicle Assistance Program	\$4,500 – \$5,000	Statewide grant and (optional) financing assistance program.

*"I wholeheartedly recommend this program. Applying is simple and the amazing Staff helps every step of the way. It's a money-saver and a smart, environmentally friendly investment. Peninsula Clean Energy made it easy to make the decision to buy a used EV."*

– Victor B., used EV owner and San Mateo County resident

### Skip the wait

Following application approval, purchase your used EV from a participating dealer to receive your rebate instantly. If you purchase at a different car retailer, you will receive your rebate by mail.
