INDEPENDENT AUDITOR'S REPORT

Honorable Members of the City Council of
City of South San Francisco
South San Francisco, California

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the City of South San Francisco Transportation Development Act Article III Fund (TDA Fund), which are included in the Capital Projects Fund of the City of South San Francisco (City), California, as of and for the years ended June 30, 2023 and 2022, and related notes to the financial statements as listed in the Table of Contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the TDA Fund as of June 30, 2023 and 2022, and the respective changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirement relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the TDA Fund and do not purport to, and do not present fairly the financial positions of the City as of June 30, 2023 and 2022 or the changes in its financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the TDA Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2023, on our consideration of the TDA Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the TDA Fund's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the TDA Fund's internal control over financial reporting and compliance.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. *Reporting Entity*

The City of South San Francisco, California (City), Transportation Development Act Article III Fund (TDA Fund) includes the financial activities associated with the State of California Transportation Development Act. The State of California created a local transportation fund for each County funded by a portion of the State sales tax.

The TDA Fund is distributed through the Metropolitan Transportation Commission (MTC) which is the agency responsible for allocation of funds to eligible claimants within the greater San Francisco Bay Area.

The TDA Fund is included in a Capital Projects Fund of the Annual Comprehensive Financial Report of the City. The financial statements are intended to present the financial position and results of operation for the TDA Fund, and not those of the City as a whole.

B. *Basis of Accounting*

Basis of accounting refers to when revenues and expenditures are recognized. The TDA Fund is accounted for in a governmental fund type and the modified accrual basis of accounting is used. Under the modified accrual basis, revenues are recognized when they become measurable and available as net current assets. TDA Article 3.0 revenues are recognized when qualifying project expenditures are incurred. Expenditures are generally recognized when they are incurred.

C. *Deferred Inflows of Resources*

In addition to liabilities, the balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of fund balance that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has only one item, which arises only under a modified accrual basis of accounting, that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the balance sheet. The TDA Fund reports unavailable revenues from grants receivable, when applicable. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

NOTE 2 – TDA ARTICLE 3.0 REVENUE

For the years ended June 30, 2023 and 2022 the City received allocation instructions from the Metropolitan Transportation Commission for the following projects:

Instruction Number	Project Name	Grant Award	Expended in June 30, 2023	Revenue in June 30, 2023	Expenditures to date through June 30, 2023	Revenue to date through June 30, 2023
20001106	East Grand Avenue - CalTrain Bicycle and Pedestrian Access	\$ 400,000			\$ 400,000	\$ 400,000
23001015	Hillside Boulevard Road Diet Improvements	400,000	\$ 400,000	\$ 400,000	400,000	400,000
		<u>\$ 800,000</u>	<u>\$ 400,000</u>	<u>\$ 400,000</u>	<u>\$ 800,000</u>	<u>\$ 800,000</u>

NOTE 3 – COMMITMENTS AND CONTINGENCIES

The City participates in several grant programs. These programs have been audited by the City’s independent accountants in accordance with the provisions of applicable State requirements. No cost disallowances were proposed as a result of these audits; however, these programs are still subject to further examination by the grantors and the amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. The City expects such amounts to be immaterial.

The City is subject to litigation arising in the normal course of business. In the opinion of the City Attorney, there is no pending litigation which is likely to have a material adverse effect on the financial position of the City.

**INDEPENDENT AUDITOR'S REPORT ON
INTERNAL CONTROL OVER FINANCIAL REPORTING,
ON COMPLIANCE WITH THE TRANSPORTATION DEVELOPMENT ACT
AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Members of the City Council of
City of South San Francisco
South San Francisco, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Transportation Development Act Article III Fund (the TDA Fund) of the City of South San Francisco (City), California, as of and for the year ended June 30, 2023, and the related notes to the financial statements, and have issued our report thereon dated December 21, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the TDA Fund's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the TDA Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the TDA Fund's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the TDA Fund's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of its compliance with certain TDA Fund's provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. Our procedures included the applicable audit procedures contained in §6666 of Title 21 of California Code of Regulations and tests of compliance with the applicable provisions of the Transportation Development Act and the Allocation Instructions and Resolutions of the Metropolitan Transportation Commission. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the TDA Fund's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the TDA Fund's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of the Metropolitan Transportation Commission, management, City Council, others within the City, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties; however, this restriction is not intended to limit the distribution of this report, which is a matter of public record.
