

Culture, education, technology

South San Francisco Public Library
Strategic Plan | 2016-2020

Based on community input and feedback, the Library's Five-Year Strategic Plan will guide the development of programs and services, including planning for the opening of a new main library and community center.

Who we are

South San Francisco Public Library is comprised of three service areas: The Main Library, Grand Avenue Branch, and Literacy Services at Project Read and Community Learning Center.

Our community is family-oriented, richly diverse, civic-minded, and engaged in the tech-driven knowledge economy.

Our plans

Robust collections of world languages and cultural interest

Digital collections including new formats, movies and magazines

Knowledgeable, tech-savvy staff

Expanded calendar of events and programs, including makerspace and pop-up story times

Our goals

We will expand our *Community Presence* by delivering services beyond the walls of our buildings.

We will promote *Personal Growth and Learning* by providing literacy and workforce development opportunities.

We will foster *Community Engagement* through culture, art, local history and volunteerism.

Our future

A new Main Library and Community Center

A renovated Grand Avenue Branch with engaging and up-to-date collections and services

State-of-the-art technology supporting life-long learning and workforce development
