LETTER FROM THE DIRECTOR

South San Francisco Parks and Recreation | Spring 2025

Dear Friends, Neighbors, and Community Members,

WITH SPRING NEARLY UPON US bringing a sense of renewal, it is the perfect time to share with you all the emerging projects the Department has in store for this year. We have several exciting updates about our park projects that we hope will encourage you to connect, learn, and play.

New Park on Linden Avenue and Pine Avenue

We're creating a new park at Linden Avenue and Pine Avenue located in the Old Town neighborhood. Based on your feedback, this new park will include new recreational amenities to serve our Old Town community. We are looking forward to the continuing design development and kicking off construction of this vibrant space which will expand recreation and gathering opportunities for the community.

Improvements at Dundee Park and Cypress and Pine Park

We're committed to making our parks better and more accessible for everyone. Here's what's happening:

- **Dundee Park:** The scope of work will include adding accessible pathways, seating, sport court improvements and new play equipment.
- **Cypress and Pine Park:** Staff are designing a new ADA accessible ramp that will improve accessibility to the park, and position the City to secure additional funding for much-needed future park improvements here.

Parks and Recreation Master Plan

This year, the Department will launch its Parks and Recreation Master Plan to serve as a roadmap for departmental priorities for the next 10 to 15

years. The plan will kick-off with robust community outreach and listening sessions which will inventory and analyze our current programs, services, facilities and parks and respective gaps in services, and inform future programs and park and facility developments and improvements. More details on this project will be available later this year.

Free Tree Program

Residents are invited to help grow the City's urban forest! Through a partnership with Rise South City, the Parks and Recreation Department is giving away free trees for front yards in South San Francisco. Trees are a great addition to your property and can enhance air quality while reducing noise, sequestering rainwater, providing habitat and lowering energy costs. The Parks team will provide the tree and education to get you started!

New Aquatic Center at Orange Memorial Park

The construction of the new Aquatic Center at Orange Memorial Park is underway! Underground and structural work is in progress, with vertical construction, landscape improvements, and construction of a new Veteran's Memorial to follow. The existing Orange Pool will continue to operate during the construction of the new center, offering a variety of aquatic classes and experiences.

Stay connected with us and visit www.ssf.net/parkprojects regularly for the latest updates on these exciting programs and projects happening in our community.

Thank you for supporting the Parks and Recreation Department. It's our honor to serve you.

Thanks,

Greg Mediati

South City Folk Jam: Drop-In!

Age: 16Y and up

Instructor: Mark Cox

Location: L | PR - Exercise Studio #235

The South City Folk Jam is a gathering of musicians of all skill levels who meet once a month to have fun playing traditional and contemporary folk music together. So if you play any type of folk instrument such as (acoustic guitar, ukulele, banjo, mandolin, etc.)—or if you like to sing—come out and join the band! Songbooks will be provided that include a wide range of songs from old-timey folk music (think *O' Brother Where Art Thou*), to more contemporary folk, rock, and country songs from 60's through the 2000's. All songs are fairly easy to play and as long as you know your basic chords (G, C, D, E, em, A, am, F, B7, bm) you'll do great. So, whether you've only been playing a few months or for several decades, there is a place for you in the band. You can check out the website for more info and updates about the time and place for our next folk jam gathering at www.southcityfolkjam.com. Mark Cox has been teaching guitar and leading group singing for over 25 years and believes in the power of music to bring people together.

Pilates

Age: 15Y and up

Instructor: Stephanie King

Location: (see below)

Pilates works the entire body in addition to the mind. The focus is on the core of the body so the rest can freely move. This makes your body stronger both on the inside and out. The balance is meant to be present between flexibility and strength, resulting in stronger and leaner muscles. Pilates movements are slow, precise, and controlled. Breathing is full breath as well as gentle and natural, not forceful. Slowly stretching, moving, and elongating your total body will help improve joint movement. Learn to first mobilize in order to prepare for movement. Build more strength, improve balance, and strengthen core muscles to protect your back and spine (back problem, number one injury). Bring a mat (or large towel to lay on) and 2 water bottles (if you do not have a pair of 2lb or 3lb weights).

TEEN AND ADULT CLASSES

Pilates 1 – Beginners

Age: 15Y and up

Instructor: Stephanie King

Location: L | PR – Large Dance Studio #222

Pilates works the entire body. The focus is on the core of the body so the rest of the body can move with ease, strengthen, elongate, improve flexibility, while increasing the range of motion and mobilizing the joint areas (shoulder, hip, knee, ankle). This makes your body stronger both on the inside and out. Pilates movements are slow, precise, and controlled. Breathing is full breath as well as gentle and natural, not forceful. Slowly stretching, moving, and elongating your total body will help improve joint movement. Learn to first mobilize in order to prepare for movement. Getting the total body stronger improves balance and strengthens core muscles to protect your back and spine (back problem, number one injury). Bring a mat, towel, 2 water bottles, or a set of weights (1 lb, 2lb, 3lb, 4lb, or 5lb).

Age: 18Y and up

Instructor: Niki Ulehla

Location: L | PR – Exercise Studio #235

Taiji can translate to “grand extreme” and as such, is a practice of balancing opposites—opening and closing, fast and slow, hard and soft, front and back, tense and relax. The class will introduce the traditional Chen-style first form (Lao Jai Yi Lu), the Silk Reeling exercises, and Wuji Qigong. The Lao Jia Yi Lu is the ancient unmodified foundation of Chen Taiji. It is an exercise for the mind and the body, helping improve balance, coordination and develop an understanding of the underlying Taiji principles. The Silk Reeling Exercises are a series of spiraling movements taken from within longer Chen Taiji forms, allowing a person to learn the shapes, practice the movements and develop natural breathing. Wuji Qigong is a standing meditation practice to help cultivate internal energy flow (qi) and promote relaxation. Niki Ulehla has practiced Chen Taiji for over 10 years and is a certified instructor of American Chen Taijiquan Society.

..... Junior Giants 2025

Junior Giants is a great opportunity for boys and girls 5-13 years old to learn the skills of baseball and softball in a non-competitive and fun format. Participants attend one practice per week and play games on Saturdays. The Junior Giants program runs from June 9 – August 2. Best of all, the program is free, but space is limited. More coaches equals more children can participate. Each team has a maximum of 13 players.

The South San Francisco Junior Giants is also looking for volunteers to help run the program. Volunteer positions available include Head Coaches (18 years and older) and Assistant Coaches and Umpires (15 years and older). The time commitment is about 1 ½ hours for one weekly practice and another 1 ½ for games on Saturdays. For those interested in volunteering or more information about the Junior Giants program, please call your league commissioner at (650)829-4683. Sign up as a volunteer at www.jrgiants.org. Coaches should sign up early to reserve their practice day/time. Early bird registration for coaches is in the planning. More information on early bird registration in April.

Perfect for: Those looking to make a splash by adding a low-impact, high-energy aquatic exercise to their fitness routine. How It Works: Aqua Zumba® blends the Zumba® philosophy with water resistance, for one pool party you shouldn't miss! Benefits: There is less impact on your joints during an Aqua Zumba® class so you can really let loose. PRESCHOOL

LICENSED PRESCHOOLS:

Little Steps Preschool,
Siebecker Preschool, and
Westborough Preschool

The South San Francisco Preschool curriculum provides a learning environment and experiences that help young children develop socially, intellectually, physically and emotionally. Our program is play-based and is characterized by a predictable structure, providing children with a dependable routine. We believe that children learn through play. What may seem like simple child's play to us is actually a laboratory of work to a child. Through play, children act out life. They experiment with relationships, learn the difference between imagination and real life, practice communication skills, and begin to build social structures. Play is an integral part of a child's life. Play based learning does not mean that the children just do what they like all day. There will be times when the children come together as a group where they will learn to listen to each other, share information, follow rules and partake in group activities. Play based activities don't replace intentional teaching, rather complement and enhance it! Open ended play based learning focuses on the process not the product. It is the learning that is taking place that is the all important factor.

To be eligible for Westborough and Siebecker Preschool, children must be between 2 ½ and 5 years old and be fully toilet trained. To be eligible for Little Steps Preschool children must be between 3 and 5 years old and be fully toilet trained. Preschool is a year-round licensed program that runs Monday-Friday 7:30am to 6pm. There are three preschools, Siebecker Preschool is located at 510 Elm Court, (650) 875-6979, Facility #410509769 and Westborough Preschool is located at 2380 Galway, (650)875-6980, Facility #410517397. Little Steps is located at 520 Tamarack Lane, (650) 877-8545, Facility #414004145. Little Steps is a Big Lift grant funded preschool. Enrollment is full time only and based on family size and gross monthly income.

The goal of our teachers is to provide a safe, nurturing environment with many developmentally appropriate activities and opportunities for children to creatively explore and learn through play. We are experienced and trained in the areas of Early Childhood Education, First Aid and CPR.

INSPIRE

INSPIRE is the newest addition to the City's permanent public art collection. The 24-foot-tall kinetic wind sculpture, created by artists Saori Ide and Jonathan Russell of Ride Art Studio, is located at the Karyl Matsumoto Plaza. The illuminated base pillars evoke a DNA strand, while the blue and yellow Mobius rings represent a water molecule, symbolizing the connection between water, DNA, and community.

The ever-moving rings interact with the wind, reflecting South San Francisco's diversity and vitality. The complementary benches, designed as water molecule patterns, resemble turning gears honoring the City's industrial heritage. For more information visit the "Interactive Art Map" at www.ssf.net/culturalarts.

City of South San Francisco Tree Preservation Ordinance

The City of South San Francisco is endowed and forested with a variety of healthy and valuable trees which must be protected and preserved. The preservation of trees is essential to the health, welfare and quality of life of the citizens of our City; these trees preserve the scenic beauty providing shade and color, maintain ecological balance, prevent erosion, counteract air pollution, oxygenate the air, absorb noise, maintain climactic and microclimatic balance, and help block wind. For these reasons, the City of South San Francisco has adopted a Tree Preservation Ordinance. Under this ordinance, essentially no "protected tree" shall be removed or pruned without a permit.

What typically qualifies as a "protected tree"?

1. Any upright, single-trunked tree with a circumference of forty-eight inches or more when measured fifty-four inches above natural grade; or
2. Any upright, single-trunked tree of the following species: Blue Gum (*Eucalyptus globulus*), Black Acacia (*Acacia melanoxylon*), Myoporum (*Myoporum laetum*), Sweetgum (*Liquidambar styraciflua*), Glossy Privet (*Ligustrum lucidum*), or Lombardy Poplar (*Populus nigra*) with a circumference of seventy-five inches or more when measured fifty-four inches above natural grade; or
3. Any upright, single-trunked tree considered to be a heritage tree species, with a circumference of thirty inches or more when measured at fifty-four inches above natural grade. A heritage tree means any of the following: California Bay (*Umbellularia californica*), Oak (*Quercus* spp.), Cedar (*Cedrus* spp.), California Buckeye (*Aesculus californica*), Catalina Ironwood (*Lyonothamnus asplenifolium*), Strawberry Tree (*Arbutus* spp.), Mayten (*Maytenus boaria*), or Little Gem Dwarf Southern Magnolia (*Magnolia grandiflora* "Little Gem").

For definitions of additional terms including "upright," "single-trunked," and "heritage tree," or more information please refer to the Tree Preservation Ordinance of the SSF Municipal Code (Section 13.30). When in doubt, contact the Parks Division Office at (650) 829-3837.

What is the difference between pruning and trimming?

Pruning means the removal of more than one third of the crown or existing foliage of the tree or more than one third of the root system. Trimming means the removal of less than one third of the crown or existing foliage of the tree or less than one third of the root system. Minor trimming of a protected tree is allowed without a permit.

How much does a permit cost?

The fee for a tree permit is \$115.05 per tree.

Where do I get a permit or obtain more information on the Tree Preservation Ordinance?

A Protected Tree Pruning/Removal Permit Application or further information about the ordinance may be obtained by contacting the Parks Division at (650) 829-3837 or visiting our website at www.ssf.net/parks.
